ASSESSOR GUIDE

Implement and monitor WHS policies, procedures and programs

Assessment 2 of 3 Case Study

Version 1.0

Assessment Instructions

Task overview

This assessment is divided into two (2) tasks which are based on a simulated workplace 'Bounce Fitness' and includes a case study and scenarios.

- Task 1: Complete relevant sections of the *Bounce Fitness Incident Reporting Form* and update relevant sections of the *Bounce Fitness WHS Issues Management Log*
- Task 2: Complete relevant sections of a *Bounce Fitness Risk Assessment Form for a* Bounce Fitness partner gym.

Additional resources and supporting documents

•	Bounce Fitness Workplace Health and Safety Policy and Procedures	Commented [VR1]: See Bounce P&P
٠	Bounce Fitness Incident Reporting Form	 Commented [VR2]: See Bounce Form
٠	Bounce Fitness WHS Issues Management Log	 Commented [VR3]: See Bounce Log
•	Bounce Fitness Risk Assessment Form	 Commented [VR4]: See Bounce Form

Assessment Information

Submission

You are entitled to three (3) attempts to complete this assessment satisfactorily. Incomplete assessments will not be marked and will count as one of your three attempts.

All questions must be responded to correctly to be assessed as satisfactory for this assessment.

Answers must be typed into the space provided and submitted electronically via the LMS. Hand -written assessments will not be accepted unless previously arranged with your assessor.

Reasonable adjustment

Students may request a reasonable adjustment for assessment tasks.

Reasonable adjustment usually involves varying:

- the processes for conducting the assessment (e.g. allowing additional time)
 - the evidence gathering techniques (e.g. oral rather than written questioning, use of a scribe, modifications to equipment)

However, the evidence collected must allow the student to demonstrate all requirements of the unit.

Refer to the Student Handbook or contact your Trainer for further information.

Please consider the environment before printing this assessment.

Case study: Bounce Fitness

Bounce Fitness was incorporated in 2001 and wholly owned by Ms Margaret House. Its head office is in Cairns with centres in Brisbane, Sydney and Melbourne. It has plans to open another centre in Perth in the next two years. It was created for the sole purpose of providing training services but now offers life coaching, remedial massage and other health services.

SCENARIO

You are the newly appointed Assistant Manager at Bounce Fitness; this role also includes the role of WHS Officer.

The WHS committee has identified an increase in incidents over the past month, along with unreported incidents in one of Bounce Fitness' partner gyms. You have been tasked by the WHS Committee to investigate these issues. You are required to appropriately document and ensure the work team is aware of all current WHS requirements in relation to the company's organisational policies and procedures and legislative requirements.

In the last WHS Committee meeting, it was identified the previous Assistant Manager was negligent by not fulfilling the company's WHS recordkeeping requirements. Through the following series of tasks, you will:

- 1. Complete forms for two workplace incidents (Task 1)
- 2. Ensure current records are accurate and up-to-date (Task 1 and Task 2)
- Conduct a risk assessment of the partner gym (Task 2)
 You are to use the following Bounce Fitness forms to accompany your assessment:

- Bounce Fitness Incident Reporting Form x 2
- Bounce Fitness Issues Management Log
- Bounce Fitness Risk Assessment Form.

Task 1

SCENARIO

There have been two incidents today which have occurred in the gym.

- 1. Lauren Georges, a member of the gym, has tripped over some equipment left by a trainer and twisted her right ankle.
- 2. Sophie Davies, a staff member has reported she has a rash on the palms of her hands which her doctor suspects appeared after using unclean gym equipment.

These incidents have not been recorded. In your role of WHS Officer, you are required to complete the *Bounce Fitness Incident Reporting Form*, for each incident (one form for Lauren Georges and one for Sophie Davies) in line with the *Bounce Fitness Work Health and Safety Policy and Procedures* and record keeping requirements.

Resources you need:

- Bounce Fitness Workplace Health and Safety Policy and Procedures
- Bounce Fitness WHS Issues Management Log
- Bounce Fitness Incident Reporting Form x 2

ASSESSOR GUIDE: BSBWHS411 Implement and monitor WHS policies, procedures and programs Version 1.0

Page **2** of **11**

Commented [VR5]: See Bounce P&P Commented [VR6]: See Bounce Issues Log Commented [VR7]: See Bounce Incident Reporting Form

Instructions for student

Before completing the *Bounce Fitness Incident Reporting Forms*, you must refer to the *Bounce Fitness WHS Issues Management Log* for information to complete this task.

- 1. Complete Sections A-E (excluding Section F (Review) and Section G (Comments)) of the *Bounce Fitness Incident Reporting Forms* to report on both incidents reported above.
 - a. Complete one (1) form per incident.
 - b. Using information from the Bounce Fitness WHS Issues Management Log, add the following information to each Bounce Fitness Incident Reporting Form:
 - two (2) actions in Section D, 'Action Plan'
 - two (2) actions in Section E, 'Action Taken'.
- 2. Update the status of the 'open' issues in the Bounce Fitness WHS Issues Management Log.
 - a. Update the status of these two (2) issues in the *Bounce Fltness WHS Issues Management Log* captured and actioned in the *Bounce Fltness Incident Reporting Forms*.
 - b. Check status of all other 'open' issues and update in the *Bounce Fitness WHS Issues Management Log* as appropriate.

Save these two (2) documents to your desktop.

- Bounce Fitness Incident Reporting Form for each incident.
- Bounce Fitness WHS Issues Management Log (Version 1)

You will upload these to your assessor after you have completed all the assessment tasks for this module.

You will refer to these documents in Assessment 3.

NOTE TO STUDENT

You will explain your findings documented in the two (2) *Bounce Fitness Incident Reporting Forms* at a WHS Committee Meeting (Assessment 3 Role Play). The meeting will be with one (1) WHS Committee member. In this meeting, you will collaborate and discuss recent incidents at a Bounce Fitness gym and a partner gym (where current controls are insufficient). Together, you will identify and discuss additional controls, decide who will action these, and the dates these must be actioned.

Assessor Marking Guide

Students' answers must demonstrate their ability to complete the *Bounce Fitness Incident Reporting Forms* and the *Bounce Fitness Issues Management Log* according to organisational policies and procedures and WHS legislative requirements.

Assessor Checklist

Bounce Fitness Incident Reporting Form: Criteria	Yes	No
Student has:		
Followed instructions provided for task by completing all sections of the form, apart from 'Review' and 'Comments'		
Completed a Bounce Fitness Incident Reporting Form report for Lauren		
George indicating:		
 Twisted right ankle due to tripping over equipment that had not been put away 		
Action plan is: (Students should include 2 actions minimum)		

ASSESSOR GUIDE: BSBWHS411 Implement and monitor WHS policies, procedures and programs Version 1.0

Task 2

SCENARIO

It was identified there has been an increase in injuries and incidents in one of Bounce Fitness's partner gyms. It was decided you would do an up-to-date risk assessment of the partner gym. You visit the partner gym and using your Smart phone shoot a short 'walk-around' video of the gym and its equipment. You will use the video to identify hazards and complete the risk assessment paperwork.

Resources you need:

- Bounce Fitness Risk Assessment Form
- Bounce Fitness Workplace Health and Safety Policy and Procedures (see: Hierarchy of Control Measures)

ASSESSOR GUIDE: BSBWHS411 Implement and monitor WHS policies, procedures and programs Version 1.0

Commented [VR8]: See Bounce Form

Commented [VR9]: See Bounce P&P

Instructions for student

1. Watch the following mock video of the fictitious 'Fitness Plus' gym and identify five (5) hazards you see in the recording.

- 2. Document the hazards using the supplied *Bounce Fitness Risk Assessment Form*. You are required to complete the following sections:
 - Background information
 - You may use a fictitious address for the Gym
 - Use your own name and contact details as the person conducting the assessment
 - Identify five (5) hazards
 - Description of the risks
 - Current risk controls (if any)
 - Consequences, likelihood, and risk ratings of each hazard
 - If current controls are adequate or not
 - Additional controls if required using the Hierarchy of Controls to identify best outcome
 - 1: Eliminate (best outcome)
 - 2: Substitution, isolation, and engineering controls (only if elimination not possible)
 - 3: Administrative controls (only if elimination and substitution options not possible)
 - 4: Personal protective equipment (PPE) (only if all other controls not possible).
 - Details of who is to action additional controls identified by role (Centre Manager, Assistance Manager, WHS Officer, Staff etc.)
 - NOTE: You are not required to record the date when identified additional controls are to be actioned for the 'Date Completed' section. This will be addressed in Assessment 3.

(Maximum 500 words)

Save and upload the completed Bounce Fitness Risk Assessment Form as Version 1, to your device.

You will upload this to your assessor after you have completed all the assessment tasks for this module.

Please note, you will refer to this document in Assessment 3.

ASSESSOR GUIDE: BSBWHS411 Implement and monitor WHS policies, procedures and programs Version 1.0

Page **7** of **11**

NOTE TO STUDENT

You will present the outcomes of the member gym risk assessment at the next WHS Committee Meeting (Assessment 3 Role Play). The meeting will be with one WHS Committee member. In this meeting, you will collaborate and discuss where current controls are insufficient, identify and discuss additional controls, and decide together the dates these will be actioned.

Assessor Marking Guide

Students' answers must demonstrate the ability to identify hazards in the work area according to organisational policies and procedures and WHS legislative requirements.

Students' risk ratings must demonstrate the ability to appropriately describe the risk, identify current risk controls, and categorise consequence rating and likelihood to determine an appropriate risk rating, and determine if more controls are required.

Students must demonstrate the ability to refer to the guides within the Bounce Fitness Risk Assessment Form to complete this form including the Risk Matrix.

Students must demonstrate the ability to use the Hierarchy of Control Measures as referred to in the *Bounce Fitness Workplace Health and Safety Policy and Procedures* document.

Students must identify five (5) hazards identified in the video above (maximum 500 words).

Students must use the supplied Bounce Fitness Risk Assessment Form.

An exemplar answer is captured below:

I. Eachground Information							
Oate:	The date the student completes the table						
Name of Partner Gym	Filmeri Plus Gym						
Location:	Student, way use a fictional address						
Name of person conducting assessment:	Student's mane						
Contact details of person conducting assessment:	Shaken's contact details						

	estby Halanta	Description of the dak	Connect root controls	Convegience	Tilestheort satisg	-man control	Adequacy of - existing confeet Dies college	Unit Additional Controls (Myoneen) controls not not concepting the root, only to the biocecurity of Control Measured	To lar atticent by when and when	Tialo completed
TAWAY	Loose cidding berund treadmills	Trips, falls, electrocation, sprain, strain could occur because of lose cabling	Appears to be an attempt at covering of some loose cobling	2 - Moror	2- Unikhriy	LOW	No, current controls are not odegoate	Remove transferible if not in use (elimination) Secore cable to wait or floor edge (balatner) the hazard tape (leokation)	Monager – jorior to next WHS meeting	BD/MM/YY
1	Price weight equipment left on the floor (kette hals, dumbbels, mathew both, mpes, weighted piblio)	inana taliyari	No contrain in place	3 - Muderate	d. Lively	nifiti	No content controls in place	Phase segres to consolid staff and clients to put avery equipment when forwhere (opherstations) controls) violated prominal staff to clear- from some requirity (odmentationice controls)	Minope -1 aby	cites or tage favor to order toot.

Additional risks and related information students may identify include:

Identify Hazards	Students' answers must demonstrate the ability to identify hazards according to organisational requirements and organisational policies and procedures.
	 Gym equipment left "loaded" – with weighted plates left on Dumbbells not put back after use

ASSESSOR GUIDE: BSBWHS411 Implement and monitor WHS policies, procedures and programs Version 1.0

Page **8** of **11**

	Cleaning equipment/ chemicals left out
	Loose cabling behind treadmills
	Equipment which is out of order
	Equipment (exercise bike) placed close to treadmill
	Exercise bikes stored along the window and close to other equipment in use
	Cleaning solutions located near electricals on desk
	Desk is cluttered with items such as bags, bottles, mugs and keyboards
	Narrow walkways between equipment/across gym floor
	A lot of equipment in a small space
	 Items blocking doorway Rowing machine and stepper have equipment and gym mats leaning against
	Kowing machine and stepper have equipment and gynnmats learning against them
	Fire extinguisher not easy to access
	Cramped space where client is to sit - bins, cups and equipment next to clien seat at desk.
Description of risk	Students' answers must demonstrate an understanding of relevant risks according to organisational requirements and organisational policies and procedures.
	Possible risks in the video could include, but are not limited to:
	• Trips
	Sprains
	Strains
	Abrasions
	• Falls
	Electrocution
	Bruising
	Dislocations
	Chemical burns / adverse reactions
Current Risk Controls	Students' answers must demonstrate the ability to identify current risk controls identified in the video.
	Current risk controls include, but are not limited to:
	Large 'STOP' sign outside gym entrance with gym rules
	 Inside entrance to gym, there is a noticeboard with gym rules
	A table with cleaning agents (spray bottle) and paper towels for sanitising
	workstations
	Fire extinguisher
	Yellow/black hazard tape on floor throughout gym
	Do Not Use label attached to unsafe equipment
Consequence,	Students' answers must demonstrate the ability to appropriately categorise risks
likelihood, and Risk Rating	according to organisational policies and procedures and WHS legislative requirements.
-	

	Students' responses will depend on hazards identified however the consequences, likelihood and risk ratings must be based upon the categories outlined in the <i>Bounce Fitness Risk Assessment Form</i> .		
Inadequacy of control	Students' answers must demonstrate the ability to make a judgement as to wheth the existing control is adequate or not by answering 'Yes' or 'No' in the <i>Bounce Fitness Risk Assessment Form.</i>		
Additional controls	Students' answers must demonstrate their ability to identify alternative appropriate control measures, if required, according to the Hierarchy of Control Measures .		
	All scenarios would ideally be managed through (1) elimination OR (2) substitution level controls) based on the HoC listed below.		
	1. Elimination		
	2. Substitution, isolation, and engineering controls		
	3. Administrative controls		
	4. Personal protective equipment (PPE)		
To be actioned by whom and when	Students' answers must demonstrate the ability to use logic and adhere to WHS legislative and organisational policies and procedures when assigning an individual.		
	Students' answers must reflect the table labelled 'Risk Level/Rating and Actions' and include any one of the following for each hazard:		
	Extreme • Workplace Manager • Management WHS/0HS Nominee • Designated staff member		
	High Workplace Manager and/or Management WHS/OHS Nominee 		
	Medium Nominated employee WHSR / WHSC Nominated employee WHS/OHS Representative 		
	Low: • Nominated employee WHSR / WHSC		
	Students will determine date to be actioned in the next WHS meeting.		
Date completed	Students are unable to complete this section as actions will not have been taken yet		

Risk Assessment Criteria		No
Student has:		
Followed instructions provided for task		
Identified five (5) hazards		
Provided a brief description of the risks of each hazard		
ASSESSOR GUIDE: BSBWHS411 Implement and monitor WHS policies, procedures and programs	Version 1.0	Page 10 of 11

Identified current controls for each risk (or indicated if there are none)		
Appropriately completed each of the three (3) risk ratings for each identified hazard (consequence, likelihood, risk)		
Identified the inadequacies of current controls, if relevant		
Suggested additional risk control measures where necessary		
Used form provided		
Saved and uploaded form as 'Version 1'. * EXCLUDING SECTIONS Date to be actioned 		
'Date completed'.		

Assessment checklist:

Students must have completed all Tasks within this assessment before submitting. This includes:

Task '		
1	Complete two (2) <i>Bounce Fitness Incident Reports</i>	
2	Update the <i>Bounce Fitness WHS Issues Management Log</i>	
Task 2	2	
1	Complete the <i>Bounce Fitness Risk Assessment Form</i>	

Congratulations you have reached the end of Assessment 2!
