Assessment Instructions

Task overview

This assessment is divided into two (2) parts:

- Task 1: Writing content overviews for three documents and uploading to your assessor
- Task 2: Drafting three documents and uploading them to your assessor.

In this assessment, you are presented with a case study based on a simulated business, 'Bounce Fitness'. You will assume an employee's role (senior fitness instructor) to plan and draft three (3) complex work documents.

Additional resources and supporting documents

To complete this assessment, you will need:

- Task 1: Content Overview Template
- Task 2: PowerPoint Presentation Template
- Task 2: Procedure Template
- Manufacturing Guidelines – Caring for and Maintaining Floor Scrubber
- Bounce Fitness Style Guide.

Assessment Information

Submission

You are entitled to three (3) attempts to complete this assessment satisfactorily. Incomplete assessments will not be marked and will count as one of your three attempts.

All questions must be responded to correctly to be assessed as satisfactory for this assessment.

Answers must be typed into the space provided and submitted electronically via the LMS. Hand-written assessments will not be accepted unless previously arranged with your assessor.

Reasonable adjustment

Students may request a reasonable adjustment for assessment tasks.

Reasonable adjustment usually involves varying:

- the processes for conducting the assessment (e.g. allowing additional time)
- the evidence gathering techniques (e.g. oral rather than written questioning, use of a scribe, modifications to equipment)

However, the evidence collected must allow the student to demonstrate all requirements of the unit.

Refer to the Student Handbook or contact your Trainer for further information.

Please consider the environment before printing this assessment.

CASE STUDY

Bounce Fitness was incorporated in 2001. Its head office is in Cairns, with fitness centres in Brisbane, Sydney and Melbourne. It has plans to open another centre in Perth within the next year. It was established for the sole purpose of providing training services. Today, Bounce Fitness now offers remedial massage and other health services. Their clients come from a wide range of cultural and language backgrounds.

Scenario

You are a Senior Fitness Instructor at Bounce Fitness. You have been asked by the Bounce Fitness Manager to write a **business case** to purchase new gym cleaning machines for **each** of the five centres. You have been approved a capital budget of \$50,000 which is released through the normal Bounce Fitness purchasing process.

Machines must include:

- Floor scrubber machines
- Heavy-duty janitor trollies
- Commercial 3 in 1 shampoo carpet cleaning machine.

You have also been asked to develop a PowerPoint Presentation (for staff) based on the Business Case and a Procedure for Caring for and Maintaining Floor Scrubber.

TASK 1 – WRITTEN CONTENT OVERVIEWS

In this task, you will be planning your documents by writing content overviews for each. These will form the basis of the detailed Drafts and the Final documents you write in Assessment 3.

The task will be completed using the **Task 1: Content Overview Template**. This document includes three content overview templates for each of the three (3) documents you are writing for the Bounce Fitness Manager:

1. Business case (to purchase new cleaning machines)
2. PowerPoint presentation (to summarise the business case)
3. Procedure for Caring for and Maintaining Floor Scrubber.

To complete this task, you will need to research the cleaning machinery listed in the scenario. This may include the manufacturer guidelines as provided (see attached: *Manufacturing Guidelines – Caring for and Maintaining Floor Scrubber*).

To ensure all requirements for the above content reviews are met, you will need to refer to the *Bounce Fitness Style Guide* (see attached) as you prepare the three (3) content overviews. You are required to use the standard format, style and structure guidelines outlined for each type of document.

Instructions

1. Develop content overviews of the Business Case, PowerPoint Presentation and Procedure using the **Task 1: Content Overview Template** provided.
2. Proofread for spelling, grammar, punctuation and appropriateness for the identified audience.
3. Save your documents to your device.
4. Submit your completed **Task 1: Content Overview Template** to your assessor.

(Maximum 1.5 pages per content overview).
