Project Review	
<p><b>Project Overview</b></p> <p><i>Write the project overview based on the case study.</i></p> <p><i>[Approximate word count: 10 – 30 words]</i></p>	<p>The project aimed to implement an automated Staff Scheduling System to improve operational efficiency at Bounce Fitness.</p>
<p><b>Project Challenges</b></p> <p><i>Write the project challenges based on the case study. Identify at least two [2].</i></p>	<ol style="list-style-type: none"> <li>1.</li> <li>2.</li> </ol> <ol style="list-style-type: none"> <li>1. <b>Integration Delays:</b> Encountered significant technical challenges in integrating the new system with existing HR databases.</li> <li>2. <b>Budget Overruns:</b> Unforeseen complexities led to substantial budget overruns, straining organisational resources.</li> </ol>
<p><b>Project Outcome</b></p> <p><i>Write the project outcome based on the case study.</i></p> <p><i>[Approximate word count: 10 – 30 words]</i></p>	<p>The project was halted due to escalating risks related to timeline delays and budget overruns, preventing its completion.</p>

### Lessons Learned

*Write the lessons learned according to the case study. Identify at least two (2) lessons.*

*[Approximate word count: 20 - 30 words per lesson]*

1.

2.

The student's response might be different, but the lessons learned need to relate to the case study directly. The responses can include any of the following:

1. **Risk Management Importance:** The need for a robust risk management strategy was highlighted, showing that proactive identification and mitigation of risks are crucial.
2. **Stakeholder Engagement:** Ensuring ongoing communication and alignment with stakeholders, particularly project sponsors, is vital for adapting to changes and making informed decisions.
