to Structured Workplace Learning and Assessment

What is Structured Workplace Learning and Assessment?

Swinburne Open Education offers students a unique opportunity to study in an online environment to develop their skills and knowledge in their chosen field, at a time and pace that suits them.

Many of our courses require practical skills application to achieve competency. Structured Workplace Learning and Assessment (SWLA) offers students in these courses the opportunity to seek out a workplace where they can apply their learning in practical ways in order to expand on and demonstrate their skills.

Practical placement, also known as Structured Workplace Learning and Assessment (SWLA), is an important part of the course and provides you with the opportunity to apply the skills and knowledge you gain in a real workplace environment. This *Student Guide to Structured Workplace Learning and Assessment* provides you with a clear overview of the process, your role and support available to you. You will find additional information and all the documents that you need within the Learning Platform, including your Work Placement Plan, Portfolio and Logbook.

There is also a *Supervisor Guide to Structured Workplace Learning and Assessment* that is specifically tailored to your host organisation and Workplace Supervisor. You will need to ensure that you provide a copy of your *Supervisor Guide to Structured Workplace Learning and Assessment* to your nominated supervisor.

Note: As part of our continuous improvement process, procedures and supporting templates are subject to change.

Key information

Are there any pre-requisites to commencing SWLA?

Before commencing placement, you will need to obtain a working with children check. If you already have a working with Children, Check, make sure it is still valid. Working with Children Checks usually expire within 5 years (check your state and territory requirements for more information). The screening process may vary depending on the different state/territory's legislation. You can find out more information about state/territory requirements [here](#). You may also need to have certain immunisation, depending on state/territory's requirements. Please ask your workplace supervisor what vaccines they require you to have prior to commencing. Please note that some immunisations such as COVID-19 need multiple injections to be administered over a specific time period before someone is deemed immune. It is important that you consult with your GP as soon as possible to avoid delays in starting work placement.

When do I undertake SWLA?

SWLA is aligned to fifteen (15) units of competency within the course. Prior to commencing SWLA, you must successfully complete a range of knowledge-based assessments relating to the skills and competencies that are to be applied and developed during your SWLA experience. Prior to commencing SWLA Block 1, you must successfully complete the learning and knowledge-based assessments for Modules 1-4. The same applies to the Group 2: prior to commencing SWLA, you must complete learning and knowledge-based assessments successfully for Modules 6-11. The last module of each group is dedicated to the submission of the workplace assessments and related documentation.

Can I gain employment at the Host Organisation while completing SWLA?

You may be offered employment by the Host Organisation. See the Australian Children's Education and Care's Quality Authority's (ACECQA) [website](#) regarding actively working towards a qualification if employed as a Diploma trainer Educator. If this happens, please inform your Assessor, so SOE is aware of this. The Assessor may contact the Host Organisation to ensure that you will still be able to complete your workplace assessment tasks and that you will be covered by the employer's Workers Compensation insurance. It is important for Host Organisations to understand that even if you are employed for working with one specific age group, if the assessment task requires you to work with a different age group, the Host Organisation will need to accommodate for this requirement. It is recommended that while you are completing SWLA, you work on a part-time or casual basis to be able to focus on assessment tasks.

Roles and Responsibilities

In order to be successful, SWLA requires collaboration and support between the Student, Host Organisation, Workplace Supervisor and your Swinburne Open Education Assessor. This section provides details of the roles and responsibilities of each of these groups.

You, the student

Before you join a workplace, it is your responsibility to ensure that you have met any requirements of your workplace (e.g. working with children check, police check, immunisation). You are also required to complete all workplace induction/orientation, and to comply with workplace policies and procedures (e.g. code of conduct, confidentiality, workplace health and safety).

You receive this Guide and other relevant documentation relating to SWLA to ensure you are fully informed of the course requirements and SWLA process. You will use a Work Placement Plan (that we develop in conjunction with you and your Workplace Supervisor) that guides you in completion of your SWLA. You need to professionally accept and respond to feedback on your performance from the Workplace Supervisor, as well as from the Assessor. This feedback should be considered valuable in your professional development in your chosen career in early childhood.

You, the student will:

- Agree to take part in SWLA as part of your course of study
- Obtain a valid working with children check, police check and immunisation as required by the Host Organisation
- Work with your allocated Workplace Supervisor to complete the Host Organisation Approval Form and wait until it is approved by Swinburne Open Education, before you start your SWLA
- Work closely with your allocated Swinburne Open Education Assessor and your Workplace Supervisor to develop and adjust your Work Placement Plan and conduct scheduled Interview Questionnaire process
- Commit to completing the designated tasks and activities captured in the Work Placement Plan, Logbook, Journal and Portfolio
- Carry out all reasonable and lawful directions of the workplace and perform your work to the best of your ability
- Comply with all reasonable workplace rules and requirements governing safety and behaviour
- Attend the workplace on each day and time as agreed
- Dress in accordance with workplace guidelines
- Use the personal protective equipment provided to you to ensure you adhere to health and safety policies and procedures, such as wearing disposable gloves and masks where required
- Inform both the Supervisor and Assessor as soon as practicable if you are unable to attend work scheduled as part of your SWLA
- Promptly inform the Supervisor and Assessor of any accident, injury or incident that may occur
- Inform the Assessor and Supervisor of any necessary health information, including details of any known medical condition which may affect you and any medication or treatment which may be necessary
- Provide and receive feedback about your learning needs, objectives and performance to and from the Workplace Supervisor and your Assessor.

If for any reason the service does not allow you to use their resources, policies or procedures written evidence will be required and provided to the assessor to confirm this. You will then be able to use appropriate resources we have prepared.

The Swinburne Open Education Assessor

Our Assessor for this course has many years of experience working in industry and is your key contact at Swinburne Open Education. The Assessor is available to you if you have questions or concerns.

Before you start your SWLA, the Assessor will use the information captured in the Host Organisation Approval Form to ensure that the workplace meets the specific requirements of the course and that the Workplace Supervisor has the appropriate level of experience and qualifications. - Conduct the assessment of the evidence submitted by you against the requirements of the qualification
- Conduct one or multiple workplace visits to directly observe your performance as per the specific unit requirements. Simulations may also be used in situations where special consideration is applied.

The Workplace Supervisor

The Workplace Supervisor's role is to provide guidance and support to you during your SWLA in a safe and reliable environment. You will gain a lot of knowledge from the Workplace Supervisor's experience in this profession.

NOTE: The Workplace Supervisor does not formally assess you. Their role is to support and mentor you. The Assessor from SOE will be marking the assessment.

- Contact the Assessor as soon as practicable if you are absent, injured or become ill in the course of undertaking SWLA
- Contact your emergency contact person and the Assessor in the case of an emergency
- Contact and consult with the Assessor if they consider it necessary to modify or terminate the arrangement prior to the end of the placement
- Provide feedback on your performance in the workplace and ensure that you gain the most from your workplace experience.

For the Early Childhood Education and Care industry course, the Host Organisation must be a regulated children's education and care service in Australia.

Your workplace/Host Organisation will:

What support is available to me during SWLA?

Support is available through your allocated Swinburne Open Education Assessor. You can contact your Assessor through the Learning Platform.

What if I find the work is too hard and I don't feel confident in what I need to do?

Talk to your allocated Assessor or Workplace Supervisor and let them know what you are feeling. Learning new things can be difficult initially, however with time, practice and support your skills and confidence increase. For any ongoing concerns, discuss with your Assessor.

What is workplace insurance? How do I get a copy?

The Certificate of Currency for Student Insurance covers you for any mandatory and voluntary structured work placement that you may need to undertake as part of your course. The Certificate of Currency covers you in the event of an accident whilst undertaking voluntary unpaid structured work placement. You can request a copy of the Certificate of Currency by contacting your Assessor.

If you are gaining employment during the structured work placement, you will be covered by your employer's Workers Compensation Insurance after your employment commences.

What if I am injured?

You are required to follow the policies and procedures of the workplace.

If you are injured while completing your structured work placement with a Host Organisation as an unpaid volunteer, contact your Assessor who will support you to complete an Accident and Incident Form. While undertaking your structured work placement, you are covered by Swinburne Open Education insurance.

What if I am going to be late or cannot go to work?

You will need to contact your Workplace Supervisor and advise them, then make suitable arrangements to complete any additional hours to make up the missed time. The Workplace Supervisor has been advised to inform Swinburne Open Education if you fail to attend without providing notification.

What happens if I withdraw from the course before I complete the workplace assessments?

As noted in this Student Guide, the assessments completed as part of structured work placement relate to a number of Units of Competency within your course. If you choose to withdraw from the course before you complete all the assessments your Assessor will be able to advise you whether the assessment tasks completed at the time of course withdrawal are sufficient for you to be awarded a Statement of Attainment for any of the Units of Competency from the course.
